PosiTector <sup>®</sup> SHD Shore Hardness Durometer		Compare PosiTector Gage Bodies	
Features	Standard	Advanced	
High contrast, reversible color LCD with backlit display	•	•	
Statistics Mode — Instantly calculate average, standard deviation, min/max thickness and number of readings while measuring	•	•	
Two year warranty on body AND probe	•	•	
Reading Storage Capacity	250 per probe	100,000 in up to 1,000 batches	
Onscreen Batch Annotation — Add notes, change batch names and more with built-in QWERTY keyboard		•	
Live graphing of measurement data		•	
Connection Options			
Sealed USB port for fast, simple connection to a PC and to supply continuous power. USB cable included.	•	•	
<b>Bluetooth 4.0 technology</b> for data transfer to a mobile device running the PosiTector App or optional portable printer. <b>BLE API</b> available for integration into third-party software.		•	
WiFi technology wirelessly synchronizes with PosiSoft.net and downloads software updates		•	

Removeable Cabled Probe	Probe Model SHD-D	
	<b>Typical Applications:</b>	Medium to extra hard materials such as hard rubber, epoxies, hard plastics, PVC, acrylic, etc.
	<b>Measurement Range:</b>	0 - 100
	<b>Accuracy:</b>	± 1
	<b>Resolution</b>	0.1

PosiTector SHD Shore Hardness Durometer is a handheld electronic instrument that measures the indentation hardness of non-metallic materials.

## All Gages Feature...

### Simple

- Easy-to-read digital display
- User-adjustable measurement time with onscreen countdown to conform to national and international standards
- Enhanced one-handed menu navigation
- RESET feature instantly restores factory settings

### Durable

- Solvent, acid, oil, water and dust resistant — weatherproof
- Shock-absorbing, protective rubber holster with belt clip
- Hardened steel indenter
- Two year warranty on gage body AND probe

### Accurate

- Certificate of Calibration showing traceability to NIST included (Long Form)
- Auto Ignore mode disregards hardness readings below 20 and above 90 per international standards
- Hi-RES mode increases displayed resolution to 0.1
- Includes test block to verify operation
- Conforms to ASTM D2240, ISO 868/7267/7619 and DIN 53505

### Versatile

- High Contrast LCD with backlit display
- Selectable display languages
- Flip display enables right-side-up viewing
- Uses alkaline or rechargeable batteries (built-in charger)

### Powerful

- Continually displays/updates average, standard deviation, min/max hardness and number of readings while measuring
- HiLo alarm audibly and visibly alerts when measurements exceed user-specified limits
- Sealed USB port for fast, simple connection to a PC and to supply continuous power. USB cable included.
- Software updates via web keep your gage current
- Every stored measurement is date and time stamped
- Software Solutions for viewing, analyzing & reporting data. See page 3 for a complete overview of these options.

The PosiTector *SHD Shore Hardness Durometer* can be used as a handheld instrument or placed in a test stand to reduce operator influence.

#### Award Winning Compatibility!

PosiTector body accepts all PosiTector 6000, 200, RTR, SPG, DPM, SST, SHD and UTG probes easily converting from a coating thickness gage to a surface profile gage, dew point meter, soluble salt tester, Shore hardness durometer or ultrasonic wall thickness gage.

**All gages come complete** with test block, protective rubber holster with belt clip, wrist strap, 3 AAA alkaline batteries, instructions, protective lens shield, convenient carrying case, Long Form Certificate of Calibration traceable to NIST USB cable, PosiSoft Software, two (2) year warranty.

**SIZE:** 137 x 61 x 28 mm (5.4" x 2.4" x 1.1")

**BODY WEIGHT:** 185 g (6.5 oz.) without batteries

**CONFORMS TO:** ASTM D2240, ISO 868/7267/7619 and DIN 53505

# PosiSoft® Suite of Software

Four FREE and unique ways to view and report your PosiTector and PosiTest data

## PosiSoft Desktop — PC/Mac

Powerful desktop software for downloading, viewing, printing and archiving measurement data. No internet connection required.

- Import readings directly from the gage via USB or from legacy PosiSoft desktop versions
- Synchronize measurement data including readings, notes and pictures to and from PosiSoft.net
- Import/Export Templates and Jobs to share with other users
- Import PDF forms and overlay **Custom Fields** for automatic population of inspection and measurement data
- Report preview automatically refreshes as changes are made

### Prompted Batch Mode

Create pre-defined batches with onscreen text and image prompts for each reading and upload to PosiTector 6000 gages (Advanced models only).

- Ideal for ensuring a consistent measurement pattern for repetitive jobs or when specific measurement locations are required
- Create and store multiple templates for different jobs

## PosiSoft.net — Web-based

A web-based application offering secure centralized management of readings. Access your data from any web-connected device.

- Synchronize data when connected via USB or WiFi
- Synchronize measurement data including readings, notes and pictures with PosiSoft Desktop and PosiTector App
- Securely store measurement data in the cloud and share with authorized users via a secure login

Jobs Batches Readings

## PosiTector App — Mobile

Mobile app connects PosiTector Advanced instruments, the PosiTector SmartLink and the PosiTest AT-A to your iOS or Android smart device.

- Auto pairing Bluetooth BLE connection
- Automatically generate user-formatted reports and share via email, text, cloud storage services like Dropbox, and more
- Export readings to PosiSoft Desktop or synchronize readings to and from PosiSoft.net for further reporting and archival options

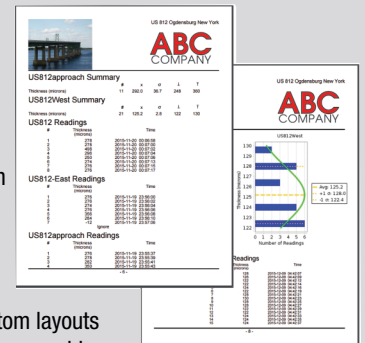

## PosiSoft Custom PDF Report Generator

Easily create reports from your measurement data in seconds.

featured on  
PosiSoft Desktop  
PosiSoft.net  
PosiTector App

- Include inspection information such as on-site pictures, screen captures, notes and more to communicate important details
- Create and save multiple custom layouts as templates – insert cover pages, add logos/images, and select font and point size
- Select the information to include for each product type – charts, histograms, readings, time stamps and more
- Compile multi-batch reports from one or more probes and instrument types
- Export readings as comma separated value (.CSV) files which can easily be imported into Excel and other supporting applications

**Jobs** feature consolidates batches into groups to keep measurement data organized and to quickly create multi-batch reports (not available on PosiTector App)

## PosiSoft USB Drive — Gage Based

A simple gage interface to retrieve data in a manner similar to USB flash drives, cameras, or digital audio players. No software to install or internet connection required.

- View and print readings and graphs using universal PC/Mac web browsers and file explorers
- Measurement data can be printed quickly from a formatted HTML report or exported in .CSV format for further analysis in spreadsheets
- Simple file management - Copy and paste measurement data from the PosiTector to a local folder on your computer, network folder or cloud drive
- Access stored screen captures (snapshots) of the PosiTector display

PosiTector and PosiTest AT-A instruments can integrate with third-party software, drones, ROVs, PLCs, and robotic devices using several industry-standard communication protocols.

## PosiTector Developer Resources

including Bluetooth 4.0, WiFi, USB Keyboard, and USB Serial
